

# Expressions del Sol Factory Glazing Collection

## Appendix J

Marshfield's Expressions del Sol factory glazing collection offers design professionals the flexibility to expand the possibilities for design creations in door openings. Featuring recognized brand names such as Pilkington, Vanceva, Visual Impact Technologies and Firelite® we are confident that this collection will provide a pallet to spark your imagination. Style options in this collection include textured glazing, tinted glazing, laminated glazing with colored or patterned film, sand blasted glass, in addition to, functional options such as wired, tempered, and fire-rated glass.

Choose from any of the standard glass offerings in this collection shown below, or if you have a different glass selection in mind from any of the manufacturer's in this collection let us know. With the unlimited range of glass available, you have the flexibility to match or complement any aspect of a building's design.
