Masonite Architectural warrants its Marshfield-Algoma doors for the expected lifetime of the product or the specified time duration. For the applicable warranty period, Marshfield Architectural warrants material and workmanship and to be free from defects in design and manufacture at the time of shipment that would render them unserviceable or unfit for the ordinary purposes for which the door is recommended.

This warranty does not cover any condition described in the “Tolerances” set forth below if such door conforms to the Tolerances. In addition, the warranty does not cover any condition described in the “Exclusions” set forth below.

This warranty covers the original installation of the door for the end-user when performed in accordance with the installation instructions contained in the Marshfield-Algoma Care & Handling Guide. Claims shall be processed through the supplier from whom the door was acquired unless the door was purchased directly from Masonite Architectural. This claims process is described below. If any Masonite Architectural door does not comply with this warranty within the warranty period, Masonite Architectural will, at its option, resolve warranty issues by (1) repairing the door at no charge; (2) replacing any door as it was originally manufactured; or (3) refunding the purchase price of the door. If replaced, the door will only be warranted for the remainder of the original warranty period. If any door covered by the Full Warranty becomes defective after installation, with preapproval from Masonite Architectural, Masonite Architectural will pay a reasonable amount to remove and rehang the door, including the reasonable cost of finishing. If any door covered by the Limited Warranty becomes defective after installation, Masonite Architectural will not be obligated to pay for any expense relating to the removal or rehanging of the door under any circumstances.

Masonite Architectural makes no warranties as to the doors, except as expressly stated in this exclusive warranty. Masonite Architectural expressly disclaims all other warranties whether express, implied, or statutory, including the warranties of merchantability and fitness for a particular purpose. There are no warranties that extend beyond the description on the face hereof. No representative of Masonite Architectural may change or alter this exclusive warranty or make any additional warranty. The remedies described herein shall be the exclusive remedy for any claim of product defect, malfunction or failure to perform or any other claim arising out of the use, repair or performance of the door. Masonite Architectural expressly disclaims and excludes, and assumes no responsibility consequential damages arising out of the use, repair or performance of the door.

*Includes full glass full warranty
**Carte Blanche MDF Doors wider than 3’6” are not warranted
TOLERANCES:
1. Size tolerances: nominal length, width and thickness ±1/16"; prefit sizes ±1/32"
2. Squareness tolerance: diagonal measurement difference will not exceed 1/8".
3. Factory hardware preparation: a plus 1/32" minus 0" tolerance will be allowed on hinge and lock front preparation cutouts. A ±1/32" tolerance will be allowed on hinge and lock front locations.
4. Stile, rail and core show-through (telegraphing) will not be considered a defect unless the face of the door varies from a true plane in excess of 1/100" in any three-inch-span.
5. Humidity on both sides of an interior door must be at a consistent level and not be less than 25%, nor greater than 55%. Temperature must not be less than 50°F, nor greater than 90°F.
6. Warp is a defect only when it exceeds 1/4" of the door plane in any 3'6" x 7'0" section. Warp is any distortion in the door itself and does not refer to the relationship of the door to the frame or jamb in which it is hung. The term warp shall include bow, cup and twist.

EXCLUSIONS:
This warranty does not cover:

1. Any condition or appearance caused by failure to follow Care & Handling instructions.
2. The appearance of field finished or factory primed doors.
3. The appearance of high gloss plastic, or factory finished doors with a gloss higher than 35° (based on 60° gloss meter).
4. Doors altered by others (not to include machining subject to exclusions herein).
5. The warranty against warp does not apply to the following:
   a. Doors that are wider than 3’0” or longer than 7’0” and less than 1-3/4”.
   b. Doors hung without a hinge or pivot every 30” of door height. This exclusion is waived on non-rated SCL core doors up to 9/0 for warp not to exceed allowable warp per WDMA I.S. 1A.
   c. Doors with unbalanced construction.
   d. Doors wider than 4’0” and longer than 10’0”.
   Note: Action on any claim for warp may be deferred, at the option of Masonite Architectural, for a period not to exceed one year from date of claim to permit conditioning of the doors to temperature and/or humidity.
6. Doors that are improperly hung or do not swing freely.
7. PC Doors that have lite and/or louver cutout areas exceeding 1,296 square inches of visible glass, or one continuous dimension of 54” long or 38” wide or less than 3-1/4” between lock and lite cutouts, or less than 5” between lite cutout and door edge or other cutouts. (See next item for SCL doors)
8. SCLC Doors that have lite and/or louver cutout areas exceeding 2,835 square inches of visible glass, or one continuous dimension of 81” long or 38” wide or less than 1-1/4” between lock and lite cutouts, or less than 5” between lite cutout and door edge or other cutouts.
9. Doors with concealed closers deeper than 2” or wider than 1-1/4” or machined pockets that leave less than 1/4” thick cavity walls.
10. Doors with reveals that are greater than 1/4” both faces in width and/or depth, or not the same pattern each face.
11. Fading due to exposure to ultra-violet light sources.
12. Incompatibility of hardware with a particular door construction.
13. Natural variations in color or texture of wood.
14. Normal wear and tear or deterioration for reasons other than material and workmanship of the door itself.
15. Inconsistencies with provisions to the laws of applicable countries or localities when door is shipped outside of the United States.
16. Malfunctions that occur if the hardware is mortised into or attached to a transom that does not include a metal transom bar in the door frame.

Claims Procedure
The purchaser shall inspect ALL doors for damage and defects at the time of delivery. A written notice of any defects must be submitted by the purchaser / installer to the supplier and to Masonite Architectural within 30 days of delivery. All freight damage shall be recorded on the receiving shipment paperwork and reported to Masonite Architectural within 5 days of delivery. Failure to so notify Masonite Architectural within the specified time frames shall fully and completely relieve Masonite Architectural from any obligation under this warranty. Forwarding of Marshfield-Algoma doors prior to Inspection for freight damage will waive all Opportunity to file a freight claim. All parties must be given a reasonable opportunity to investigate the reported problem and Masonite Architectural must be given reasonable opportunity to implement corrective action.

Please send your warranty claim to the following emails based on the manufacturing plant:
Algoma, WI or Jefferson City, TN: algomawarranty@masonite.com
